REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Bell's Crossing is in its seventh year of implementing the Baldrige model, a data-driven process for growth. The Baldrige model provides a framework incorporating the philosophy of total quality education management, which consists of leadership, customer focus, systems thinking, and teamwork. All students maintain data notebooks to chart and graph their progress.

We are proud to be recognized as a Carolina First Palmetto's Finest School this year and of the numerous areas in which we have grown. There are eleven NBCT teachers on staff, and all teachers and paraprofessionals are Highly Qualified. All teachers participate in professional growth opportunities each year as aligned with our school improvement plan. Teachers work collaboratively to ensure a consistency of learning across and within the grade levels. Many staff members share their expertise by presenting at local, state, and national conferences. Family nights are held in most months to provide families an opportunity for active learning with their child. We are also proud of our writing program and the progress our students are making in mathematics. We have addressed improvements in math by offering morning tutorial sessions as well as the after-school tutorial program funded by EAA. This year we used our MAP data to meet student needs through flexible RIT grouping. We offer early intervention programs in kindergarten and first grade in the area of reading to close the gap as early as possible. The reputation of the school within the community is that of dedicated staff members who are role models of leadership for our students.

All students participate in enrichment clubs on designated school days. Field trips and grade level presentations extend the curriculum in each grade level and department. The Student Council provides leadership to the student body by coordinating service learning activities throughout the year. The PTA and SIC provided a library for the Latino community for the third year in a row. This year the SCPTA recognized our PTA with a first place award in communication. The PTA provides on-going support through mini-grants, classroom donations, and volunteerism. All parents attend conferences during the year and are involved in their child's education. The school publishing center is organized by parent volunteers; this year, over eight hundred students published books. Parents coordinate the Accelerated Reading program for each grade level. The School Improvement Council is active, monitors the school goals, and serves as an advisory board with input on budgets and improvements. The SIC also serves as the Guidance Steering Committee.

We are adding the challenge of ensuring that our environment continues to be supportive of learning with a positive school climate and discipline policy, full utilization of technology, and keeping our facility as clean as possible. Other areas of opportunity for next year are to improve student achievement in the area of reading, science, and technology. This year, ten Promethean boards were added to classrooms, and more improvements will be made as funds are available. We will strive to become more diverse in our curriculum integration and staffing.
